The FBBL Trustees are looking into the practicalities of hosting a code club at the library outside normal opening hours. "Code clubs" aim to introduce children aged 9 – 11 to computer programming. Please visit their website: <https://codeclub.org.uk> for more information. If there is sufficient interest, we will need adult volunteers, who are not necessarily coding experts but competent with the technology, to run the club. If this is something you might be interested in please get in touch.

We are hoping to run a fun digital session for children and adults during June, dates to be confirmed. If this is something that you don't want to miss, let me know on info@burtonbradstocklibrary.org.uk with a subject of "DIGITAL EVENT" and I will let you know the date.

Date for the Diary

The 1st June is the fiftieth anniversary of the release of Beatles LP "Sgt Pepper's Lonely Hearts Club Band". There will be a small exhibition to celebrate the anniversary of the iconic recording, and the Summer of Love, supported by books to borrow from the Library.

Police Surgery

The **Police Surgery** is still published as the 2nd Tuesday in the month at 11.00am in the Library but there has only been one occasion this year when any police representative has attended. The response from the police is as follows:

"Unfortunately due to staff shortage it is most unlikely that I or anyone else will be able to attend the Parish Council Meetings along with other engagements such as drop in surgeries unless available to do so as I have had to prioritise my commitments to victims of crime or assisting in incidents if required.

I would advise that if this is a regular practise then to ask the persons wishing to complain to do this by calling the Police non emergency number 101 or report on line."
